

Stakeholder engagement

Delivering for our stakeholders

At Close Brothers, we have a long-term track record of creating value and delivering positive outcomes for all of our stakeholders.

We work hard to understand and meet the needs of our different stakeholder groups, engaging with them and adapting our service and offering to create value for them. We undertake a comprehensive programme of stakeholder engagement and consider the feedback provided, embedding this in the decision-making process throughout the group.

Section 172 Statement and Statement of Engagement with Employees and Other Stakeholders

Section 172(1) of the Companies Act 2006 requires the directors of a company to act in a way that they consider, in good faith, would be most likely to promote the success of the company for the benefit of its members as a whole, and in doing so have regard (amongst other factors) to various other considerations and stakeholder interests:

- the likely consequences of any decision in the long term;
- the interests of the company's employees;
- the need to foster the company's business relationships with suppliers, customers and others;
- the impact of the company's operations on the community and the environment;
- the desirability of the company maintaining a reputation for high standards of business conduct; and
- the need to act fairly as between members of the company.

The Board is responsible for establishing and overseeing the company's values, strategy and purpose, all of which centre around the interests of key stakeholders and other factors set out in section 172(1).

The Directors are conscious that their decisions and actions have an impact on stakeholders, including employees, customers, suppliers, communities and investors, and they have had regard to stakeholder considerations and other factors in section 172(1) during the year.

Regular engagement with stakeholders, both directly and indirectly via management, has continued to be an important focus for the Board and has ensured that the Directors are aware of and have effective regard to the matters set out in section 172(1). Throughout the year, the Board received and discussed stakeholder insight and feedback and it ensured that stakeholder considerations were taken into account in the Board's deliberations and decision-making.

Whilst the Board acknowledges that, sometimes, it may have to take decisions that affect one or more stakeholder groups differently, it seeks to treat impacted groups fairly and with regard to its duty to act in a way that it considers will be most likely to promote the success of the company for the benefit of its members as a whole, having regard to the balance of factors set out in section 172(1).

Considerations relating to the factors in section 172(1) are an important part of governance processes and decision-making at both Board and executive level, and more widely throughout the group. For example, the schedule of matters reserved to the Board and the terms of reference for each of the Board's committees emphasise the importance of decision-making with regard to relevant factors under section 172(1) and broader stakeholder considerations.

Necessarily in a large and regulated group, some decisions are taken by management or the directors of subsidiary companies. These decisions are taken within parameters set by the Board and there is a robust framework that ensures ongoing oversight, monitoring and challenge by the Board and its committees (including certain decisions and activities that are always reserved to the Board or its committees). The Board has regard to relevant factors set out in section 172(1) in its activities in these areas, including considerations relating to the potential impact of delegated decisions on the long-term success of the group as a whole, the group's reputation for high standards of business conduct and the consequences of local decisions on the group's stakeholders.

Detail on the Board's engagement with, and consideration of, the company's stakeholders can be found on pages 132 and 133 of the Corporate Governance Report.
